

STARSCREENER

200A

DESCRIPTION

The Erin *STARSCREENER 200A*, featuring a 12' long stardeck, is designed for small-medium producers of compost, woodwaste, bark, mulch, manure, and soils. The Erin *STARSCREENER 200A* is a revolutionary screening technology that uses specially designed long-lasting rubber stars mounted on a series of high speed rotating shafts. High production in high moisture materials, and automatic size-changing (at the turn of a dial) set it apart from all other screeners. The Erin *STARSCREENER 200A* sets up in minutes and is road legal.

SMALL - MEDIUM PRODUCERS

80-125 yds³/hr. 40-60% moisture

Figures are based on customer results, which can vary widely. They do not form part of the specification and are not a guaranty of production capacity.

SCREENING SOLUTIONS AND MORE...

Erin Systems is also recognized as the industry leader in innovative mobile and fixed screening systems, featuring its leading edge *STARSCREENER* and *FINGERSCREENER* technologies available in engineered screening systems. In addition to screening and sizing equipment, Erin Systems provides a full range of recycling equipment including C & D systems, picking stations, sorting equipment, and stacking conveyors.

BENEFITS

- High production in high moisture materials
- Change size of product at the turn of a dial
- Automatic cleaning system
- Substantial on-board fines stacker
- Quick set up and road legal
- Low operating and maintenance costs
- All North American parts

SPECIFICATIONS

TRAVEL

	U.S. Standard	Metric
Length:	38' 0"	11.58 m
Width:	7' 3"	2.21 m
Height:	11' 0"	3.35 m
Weight (approx.):	19 000 lbs.	8,640 kg

WORKING

Fines stockpiling height:	14' 7"	4.45 m
Rejects stockpiling height:	8' 2"	2.49 m
Stardeck length:	12' 0"	3.66 m
Loading height:	9' 2"	2.79 m
Hopper dimensions:	11' 6" x 3'	3,51 m x 0,91 m
Hopper capacity:	5 cubic yard	3,5 cubic meter
Engine:	54 HP Diesel	40 KW

OPTIONS

- Hydraulic tipping grid on hopper with remote control
- Continuous mechanical cleaning system
- 4 cylinder, 73 HP (55 KW), diesel engine
- Auxilliary hydraulic kit to drive extra stackers
- Independant stockpiling conveyors
- Hydraulic cylinder for fine stacker motion
- Anti vandal package
- Stardeck covers
