

# CEC SCREEN-IT® and FLO-CAIT® ROCK/WOOD SEPARATOR

MAKE FIVE SEPARATE PRODUCTS AT ONCE

CEC and Flo-Cait each have more than a decade of successful experience designing and manufacturing material separation systems.

This combination of two patented products produce a new first in rock, wood, dirt and fines separation.

Now your Rock/Wood fines are separated into five separate, clean, usable, saleable products.

No more dump fees, no more hauling fees, no more piles of waste material.

Now you can turn this waste material into several high volume products and a solid profit center.

# CEC SCREEN-IT® and FLO≡CAIT® ROCK/WOOD SEPARATOR

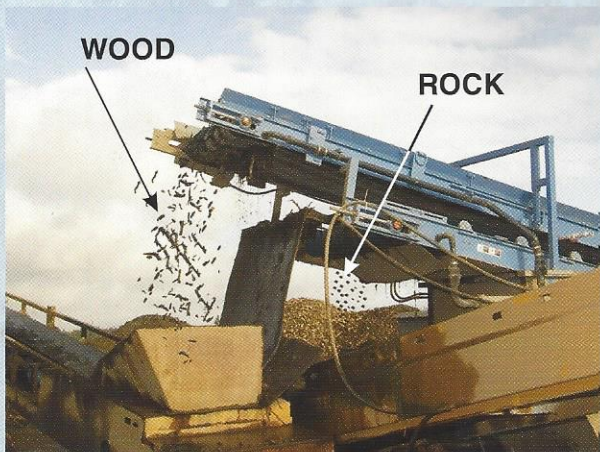

MAKE FIVE SEPARATE PRODUCTS AT ONCE

**Mesh Conveyors Conserve Water**

**Frequency Drive Control Panel**
