

mobile slow-speed shredders

MRW 2.85 | MRW 2.85g | MRW 2.85h 

The slow-speed shredders of the Pronar MRW 2.85 series are machines designed with efficiency in mind for operation in medium-sized installations. Thanks to the availability of the hook chassis (meeting the DIN 30722-1 standard), tracked and wheeled chassis, each customer can choose a machine exactly suited to his needs. The hook version is undoubtedly an advantageous purchase price. The wheeled version is perfect for customers who often transport the machine on public roads. The tracked version is undoubtedly easy to move around the yard, while maintaining the dimensions that allow the machine to be easily transported on a low-loader trailer. The 420hp CAT engine in the machine is working with load sensing hydraulics for low fuel consumption. The hook version can be equipped with an electric motor that guarantees low operating costs and enables continuous operation inside the building.

KEY FEATURES & BENEFITS

- | homogeneous size of final fraction
- | various chassis versions
- | quick set-up time
- | electric motor available

APPLICATION

- | wood
- | wood-based materials
- | municipal waste
- | bulky
- | industrial
- | construction waste
- | asphalt
- | tires
- | thin-walled scrap

TECHNICAL DATA	MRW 2.85	MRW 2.85g	MRW 2.85h
Dimensions (length/width/height)	39'-7" x 8'-5" x 13'-0"	25'-6" x 8'-5" x 10'-8"	24'-2" x 8'-6" x 9'-0"
Weight	57,321 lbs	58,158 lbs	47,400 lbs
Number of shafts	2	2	2
Shafts length	5'-7"	5'-7"	5'-7"
Loading height	10'-7"	10'-0"	8'-2"
Working chamber dimensions (length/width)	5'-8" x 7'-9"	5'-8" x 7'-9"	5'-8" x 7'-9"
Hopper capacity	~4 cu.yd	~4 cu.yd	~4 cu.yd
Engine	CAT C9.3B, 310 kW, Stage V/Tier 4 Final; CAT C9, 280 kW, Tier 3)	CAT C9.3B, 310 kW, Stage V/Tier 4 Final; CAT C9, 280 kW, Tier 3)	CAT C9.3B, 310 kW, Stage V/Tier 4 Final; CAT C9, 280 kW, Tier 3) ABB, 250 kW + 22 kW
