

## Multi-Function Health & Safety Point

A highly visible, all-in-one Health & Safety Point designed to provide rapid emergency response and clear site organisation. This multi-function unit consolidates fire safety, first aid, spill control, and site information into one easily identifiable location, ensuring your staff have immediate access to essential equipment when it matters most.

The unit is divided into four fully equipped sections:

### Fire Station

- 1 × Wind & Waterproof Double-Unit Fire Cabinet
- 1 × Battery-Operated Site Evacuator Alarm
- 1 × 1.8m × 1.8m Rigid Case Fire Blanket
- 1 × 6kg Powder Fire Extinguisher
- 1 × 2kg CO<sub>2</sub> Fire Extinguisher

### First Aid Station

- 1 × Wind & Waterproof Outdoor First Aid Cabinet
- 1 × First Aid Kit
- 1 × Eye Wash Kit
- 1 × Burns Kit
- 1 × Lens Cleaning Station

### Spill Kit Station

- 1 × Wind & Waterproof Spill Kit Cabinet
- 1 × 30 Litre Spill Kit (including absorbent socks, pads, and disposable bags)
- 1 × 60 Litre Chemical-Grade Yellow Pedal Bin

### Information Station

- 1 × A1 Safety Sign
- 4 × A4 Outdoor Spec Snap Frames

This Multi-Function Health & Safety Point provides a structured, compliant, and professional solution for construction sites, industrial environments, warehouses, and temporary works, ensuring critical safety equipment is centralised, protected, and ready for immediate use.
