

Make it last.

WE LIVE FOR OUR FAMILY TIME ON THE WATER

As a pontoon manufacturer for over 60 years, we know that's just the beginning of what we do. We specialize in helping you unplug and unwind so you can focus on what matters - time with family. We're fueled by the sunshine on our faces and seeing our kids experiencing life the way it should be lived. We don't live life fast, we focus on making every moment count. However you define your time on the water, when you own a Godfrey Pontoon Boat, you'll make lasting memories for generations to come.

Make it last.

Enjoy the water from every angle with the XP's stern jump seats. The stern Lillipad® ladder offers a comfortable boarding experience for all.

*XP 2700 Twin with Calypso Orange Exterior, Slate Gray Furniture with Calypso Orange Accent & Voyager Gray Flooring

diagonally, or spin the boat on its own axis with confidence.

*XP Standard Helm featuring Ultra-Wide Center Display, 12" & 7" Touchscreen Displays & more

Choices

Heritage & Future

We've been building pontoons

since 1958; including one of the

first Aluminum Pontoons & we

look forward to another 60+ years!

We provide numerous options on colors & content to get the boat of your dreams built with the features you want.

Quality

Our customers have spoken. Godfrey is built to last & we have the Industry awards to prove it.

Dealer Partners

Extensive network of experienced Dealer Partners; many have been with Godfrey for over 30 years!

Performance

From the Mighty G Series to the XP Series with 800 HP, our boats are engineered to excite, thrill & spoil your families.

Construction

Overbuilt for a reason & we back it with our Lifetime Structural Warranty.

Value

More boat for your money, with higher resale value. Godfrey is a pontoon leader.

Confidence

Certified to the highest Industry standards & we keep challenging ourselves daily to build the best product on the water.

Innovation

Pushing the boundaries, from our electric-powered Mighty G to the custom screens on the XP.

EXPERIENCE THE GODFREY LIFESTYLE

For over 60 years, Godfrey Pontoon Boats have been synonymous with world-class craftsmanship and, more importantly, the quality of time spent with loved ones. We've incorporated that same commitment to bring you a wide range of apparel and accessories that redefines the boating experience. Our thoughtfully designed gear enhances your Godfrey lifestyle on and off the water, empowering you to create unforgettable moments with the ones closest to you.

GODFREY PONTOON BOATS CONSTRUCTION STORY

Construction

As a recognized leader in quality, innovation and styling, Godfrey Pontoons continues to set the standard for design, construction and innovation. In fact, Godfrey pioneered many of the systems that have become industry standards. With over 60 years of experience, we work hard to build boats that will be part of your family for years to come.

Built to Last

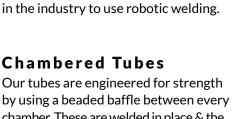

There are plenty of pontoon manufacturers out there today, but how many can say they've been building boats for over half a century?

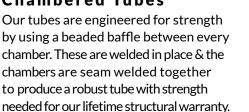

> Godfrey Pontoon Boats introduced one of the first all-aluminum pontoon boats, Sanpan, at the Chicago World's Fair in 1958.

Robotic Welding

State-of-the-art, robotic welding provides the highest quality welds in every boat we build. Godfrey Pontoon Boats is one of the first manufacturers

F-Channel Rubrail

The thickness & shape of the extruded F-Channel rubrail creates a durable deck-edge finish to protect your boat from dock rash & dings. It adds to our structural integrity & is not just for looks.

29" iMPACT+ Triple Tube

Offered on most of our models, the iMPACT+ Triple Tube package features a 29" center tube combined with oversized lifting strakes and full-length underdeck skin. The result is one of the best rides in the industry.

6" Lifting Strakes

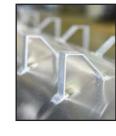

Our 6" strakes provide up to 50% more lift than competitors that use smaller strakes. This lift results in higher speeds, improved handling, quicker planing & better fuel economy.

Spray Fins

3" C-Channel

We use 24" long beveled, heavy duty extruded spray fins. We then weld them on tubes at specific locations to control water management at all speeds, keeping you and your crew high and dry.

Saddle Brackets

At 5", our extruded saddle brackets are wider & taller than competitors. We also use thicker material for the feet where they are welded to the tubes. This bracket is the foundation for the entire boat & part of the reason for our higher, smoother ride.

Elevator Bolts

We use Stainless Steel Elevator Thru Bolts & Nylock nuts vs sheet metal screws used by competitors. We secure our decks with precision, allowing bolts to stay intact and anchored to the foundation.

Lifetime Structural Warranty

Limited Lifetime coverage against structural failure of all pontoon tubes, StrataTech Chassis (under-deck structure), rails and gates so long as the original owner owns the product. Free of charge for materials and labor.

Lifetime Marine Deck PTP Deck Panels

Limited Lifetime coverage to repair or replace any Marine Deck PTP deck panels and related PTP products free of charge for materials and labor. Lifetime warranty is exclusive to the original retail Product owner and the balance of 10 years from original purchase date can be transferred to a second owner. Please visit your local dealer for specifics regarding transfer of warranty coverage.

*10 Year Flooring & Canopy Fabrics

Carpet, canopy fabric and canopy frames warranted free of charge for materials and labor. Warranty extends to the first retail purchaser only and begins on date of delivery to first retail purchaser.

*10 Year Furniture & Upholstery

Foam seats and furniture upholstery warranted free of charge for materials and labor. Warranty extends to the first retail purchaser only and begins on date of delivery to first retail purchaser.

*5 Year Electrical & 10 Year Components

5 year coverage of electrical, electronics, and hydraulics. 10 year coverage of all other factory installed components. Warranty extends to the first retail purchaser only and begins on date of delivery to first retail purchaser.

Updates

Boats depicted in this brochure may feature parts and accessories that are not standard features of the base model of the boat they accompany.
